- ✓ Introduction
- ✓ Lead Measurement
- ✓ The Opportunity Pipeline
- ✓ The Sales Plan
- ✓ Pipeline Wednesday

Have you ever met someone curious about everything?

That's **Dave Rogers**, aka 'The Business Explorer', TEDx Speaker, award-winning Business Consultant, Coach and Author. For 30 years, he's been using that curiosity to help businesses tackle challenges, spark growth, and find innovative ways to succeed.

Dave's not your typical business consultant. Yes, he's worked for big corporations. And yes, he knows how to turn lofty strategies into real, practical results. **But what sets him apart is how he brings it all down to earth, working alongside business owners, start-ups, and leaders to turn "what if" into "what's next."**

When he's not deep in strategy sessions or lighting up a room as a speaker, you'll find Dave giving back. **He mentors students, supports schools with career guidance, and is Chair of the Board at The Kaleidoscope Plus Group, a leading UK mental health charity.**
